CAREER SUMMARY

MERN Stack Developer with hands-on experience building full-stack, scalable web applications using React.js, Next.js, Node.js, Express.js, and MongoDB. Proficient in implementing JWT authentication, Google OAuth, and role-based access control, with experience integrating payment systems, transaction tracking, and building responsive, user-friendly dashboards. Seeking an entry-level MERN Stack Developer role to contribute to impactful, real-world projects within a collaborative team.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), HTML5, CSS3

Frontend: React.js, Next.js, Tailwind CSS

Backend: Node.js, Express.js, REST API Design

Database: MongoDB

Auth: JWT Authentication, Google OAuth 2.0, Role-based Authentication & Protected Routes

Tools: Git, GitHub, VS Code, npm, Vercel

PROJECTS

TicketBari — Multi-Role Ticket Booking Platform [Live](#) | [Client Repo](#) | [Server Repo](#)

Stack: Next.js, Express.js, MongoDB, JWT, Google OAuth

- Built a multi-role (admin, vendor, user) ticket booking platform with JWT authentication, Google OAuth login, and role-based protected routes.
- Developed admin and vendor dashboards with ticket management, payment integration, transaction history, and revenue overview.

Doc-Appoint — Doctor Appointment Booking Platform [Live](#) | [Client Repo](#) | [Server Repo](#)

Stack: React.js, Node.js, Express.js, MongoDB, JWT

- Implemented JWT-based user authentication and a secure login system for a full-stack appointment booking platform.
- Built doctor appointment booking flow and a user dashboard for managing bookings with a fully responsive UI compatible with all device sizes.

Personal Portfolio — Developer Showcase [Live](#) | [GitHub](#)

Stack: React.js, Tailwind CSS, Vercel

- Designed and deployed a responsive portfolio with a project showcase section, highlighting skills and professional experience.
- Integrated a contact form and social links for professional outreach.
